Infrastructure As Code [IaC]

Why IaC?

Consistence

Security & Compliance

Collaboration

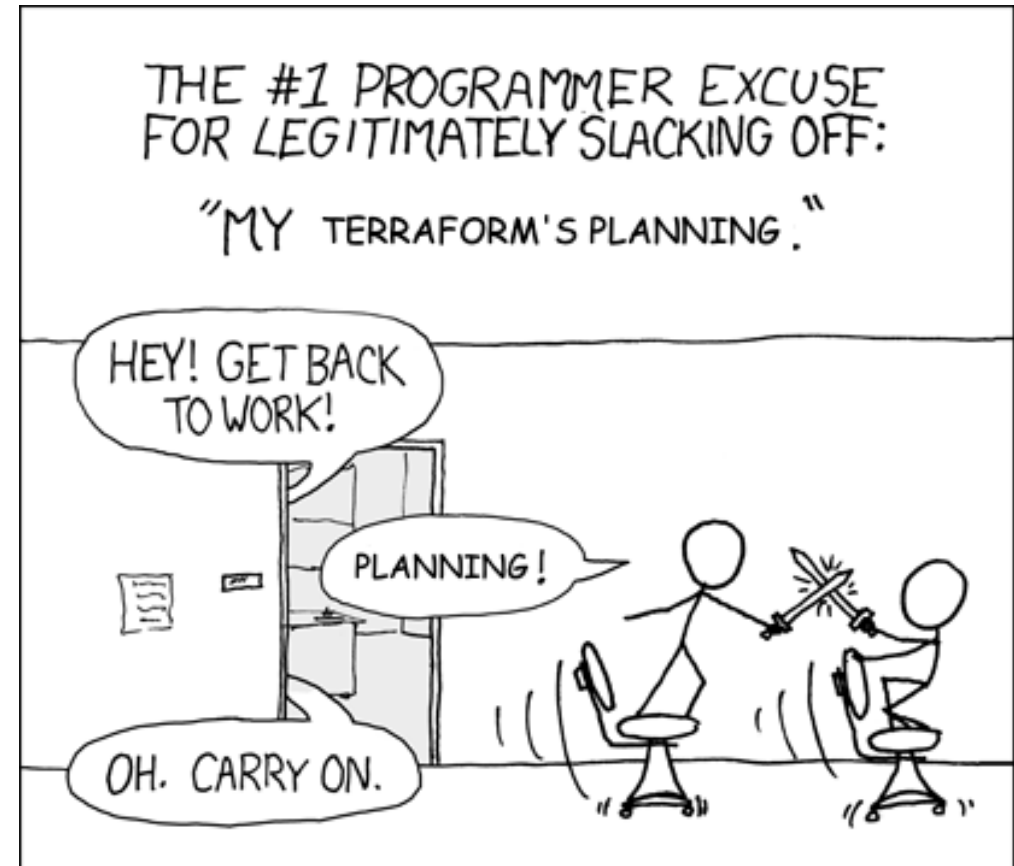

Scalability

Documentation

Just Say Yes

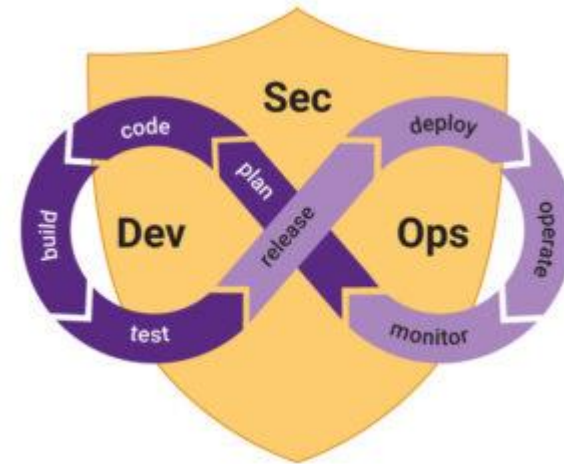

Terraform

- Define resources
 - Create plan
 - Wait...
 - Apply infrastructure
-
- Many providers available

CI/CD & DevSecOps

- Shift Left
- DAST
- SAST
- Code Standards
- Policy As Code
- Cultural Shift

IaC + CI/CD = Security As Code

- Consistency & Reproducibility
- Automated Compliance
- Rapid Deployment
- Immutable Infrastructure (including Security Controls)
- Automated Testing & Validation
- Disaster Recovery & Resilience
